

## Adopt A Horse

**C**alamity is a sweet black mare who is at least 5 years old. Calamity was rescued from a farm that harvests urine from pregnant mares to make the hormone replacement therapy drug Premarin. People wishing to adopt a horse from Equine Voices must fill out an application and sign an agreement. For more information about Calamity — who's available for \$1,400 — and other horses available for adoption at Equine Voices, call Karen Harkson at 1-520-398-2814 or visit [www.equinevoices.org](http://www.equinevoices.org) online.

## Adopt A Cat

**E**rnest is a frisky and fun cat — about 9 months old. He gets along great with other cats and could probably learn to love a dog. Ernest is ready for his forever home! Meet him at the Petsmart adoption center at Grant and Swan roads or contact Animal Rescue Foundation at 319-9292 or e-mail [adoptafriend@earthlink.net](mailto:adoptafriend@earthlink.net).
