

Adopt A Cat

Julio is a large, handsome boy who came to the Hermitage Cat Shelter in March 2005 as a rescued stray. He is one of the friendliest cats in the shelter. When you go into his area, he is one of the first cats to greet you, and he loves a good full-body scratching. Julio is also a FIV+ cat. FIV (feline immunodeficiency virus) is similar to HIV in humans, but is far from a death sentence. It does mean that the special forever home that Julio will eventually go to will either have no other cats, or other FIV+ kitties only. Meet Julio and his other FIV+ buddies at the Hermitage Cat Shelter, 5278 E. 21st St. For more information, call 571-7839, or go to www.hermitagecatshelter.org online.

Adopt A Horse

Skipper is a yearling who was rescued with his dam (a registered Paint) from Canada. He has a gorgeous, streamlined conformation, beautiful head and moves like a show horse. Sweet-tempered and inquisitive, Skipper is also very intelligent. He is looking for a loving home with an experienced owner, or one who is willing to work with a trainer. His adoption fee is \$1,200 as a colt; \$1,350 if he is gelded prior to adoption. He is a must-see. Contact Karen at Equine Voices at 398-2814, or e-mail info@equinevoices.org.
