Frankie

Frankie needs someone to care for him

Frankie is an adorable sorrel and white tobiano Paint colt. A yearling, Frankie was foaled in Canada in the summer of 2005. He arrived at Equine Voices Rescue & Sanctuary last winter with his dam, a mare used to produce Premarin.

Frankie has great markings, and two gorgeous blue eyes. He is halter-trained and learning to lead. A very willing young horse, Frankie is eager to please, and has a very sweet temperament. This darling young colt will make a great trail horse for that special person who gives him a loving home. He can be registered with the National PMU Registry. Call Karen at Equine Voices Rescue & Sanctuary at 396-2814, or e-mail info@equinevoices.org for further information, or an appointment to meet Frankie, along with other horses seeking adoption.
